SUBJECT: Large Mining Reclamation Plan, Dove Creek Quarry, M/003/016 existing small mine to expand large mine category
State Identification Number: UT000615-030

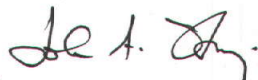

Dear Mr. Kunzler:

The Resource Development Coordinating Committee (RDCC), representing the State of Utah, has reviewed this proposal. The Division of Air Quality comments:

The Large Mining and Reclamation Plan, Dove Creek Quarry; proposed project may have a short-term impact on air quality due to fugitive dust during the mining activities. Control of fugitive dust is required under R307-205-5 of the Utah Air Conservation Rules. R307-205-5 applies to any person who owns or operates a mining operation.

The Committee appreciates the opportunity to review this proposal. Please direct any other written questions regarding this correspondence to the Utah State Clearinghouse at the above address or call Carolyn Wright at (801) 538-1535 or John Harja at (801) 538-1559.

Sincerely,

for Natalie Gochnour
State Planning Coordinator
